Hi Leena. Following up on our call this morning, I was wondering when EPA expects to have the validated data from the 11/13 sampling in the river and Third River. We would also like to arrange to come to EPA sometime next week and request copies of any figures/drawings/maps/data (etc.) that EPA is using in determining where to sample at the Lister site. Please let us know if there is a way to more efficiently target our request. I appreciate any information that you can provide on the above questions. Thank you.

Regards,
